ABOUT ME

Highly motivated Computer Science undergraduate with hands-on experience in Cybersecurity and strong foundations in Cloud Computing (AWS, Azure, and Google Cloud). Passionate about solving real-world problems through competitive programming, hackathons, and continuous certified learning. Focused on building secure, scalable, and innovative technology solutions while growing as a Cloud Security professional.

EDUCATION

Bachelor of Engineering (B.E.) – Computer Science
Mailam Engineering College | 2024 – 2028

Higher Secondary Education (12th Grade)
St. Ann's Higher Secondary School, Tindivanam
Jun 2022 – Mar 2024

Activities & Leadership:

- Leader – Young Scientist Association
- Captain & Player – Ball Badminton Team

Secondary Education (10th Grade)
St. Ann's Secondary School, Tindivanam
Jun 2012 – Mar 2022

WORK EXPERIENCE

Cyber Security Intern
Skilldunia (ISO 9001 Certified Organization) | 2026 – Present

- Gaining hands-on exposure to cybersecurity fundamentals
 - Learning risk assessment and vulnerability awareness
 - Understanding industry security practices and quality standards
 - Strengthening practical knowledge beyond academic curriculum
-

TECHNICAL EXPERIENCE & ACTIVITIES

ICPC Programming Contest Participant

- Solved algorithmic challenges under competitive conditions
- Enhanced problem-solving and coding efficiency

AI Hackathon – YouthFest 2026

- Participated in AI innovation challenge
- Contributed to solution development and technical presentation

5G Technology Hackathon

- Worked in team-based innovation environment
- Explored emerging technology use cases

UI/UX Design (Figma)

- Applied design thinking principles
 - Created user-centered interface prototypes
-

SKILLS

- Cloud Computing (AWS, Azure, GCP)
 - Cybersecurity Fundamentals
 - Competitive Programming
 - UI/UX Design (Figma)
 - Problem Solving
 - Team Collaboration
 - Continuous Learning
-

CERTIFICATIONS & LEARNING

- Certifications & Learning
- AWS Academy – Cloud Foundations Certification
- Microsoft Learn – Azure Fundamentals (Transcript Completed)
- Google Cloud Arcade – Hands-on Cloud Skill Development
- Continuous Learning in Cloud Technologies (AWS | Azure | GCP)
- AI Hackathon – YouthFest 2026 Participant Certificate
- 5G Technology Hackathon – Event Participation Certificate
- ICPC Programming Contest – Participant Certificate
- UI/UX Design Workshop – Figma & Design Thinking Participation
- Multiple Event Participation & Achievement Certificates in Technical Competitions
